STUDENT'S WEEKLY REPORT

Week - 1	Week Start and End Date	20/5/2024 to 24/5/2024
Dept./Div.	**Computer Engineering, Div-2**	
Name of Industry Supervisor Phone No. Email:	**Mr. Malay Damani**	
	9426050326	
Student Phone No. Student Email:	**7383757781**	
	om.pce21@sot.pdpu.ac.in	

Main Points of the Day:

Week 1:

Tasks:
1. Introduction to Company
2. Introduction to my team and first meeting.
3. Learning gaolang
4. Brushing up python concepts and learning about geospatial analysis
5. Knowledge check meeting with team mates

Summary:
At the beginning of the first week learnt much more about the company , it's values and
How to work and in what sense the deliverables are expected from me. Apart from this
Got the task to learn go and geospatial analysis and know more about its tools and libraries
And brush up python concepts as I will be carrying out all the geospatial analysis and data
Science related experiments in python for proof of concept and experimentation purposes.
